### Description:

Here at Cutie Tots by Tammy Weaver we have taken the children's fashion world to a different level while envisioning and bringing to life a multi-directional site filled with the best quality and unique clothing around.

Custom hand-made clothing opens a whole new door to the baby and toddler fashion world. Why? Simply because every outfit is hand-sewn by a creative individual in non-mass quantity. Our custom designers include Chic Lil Lovebugs Botique, Mim's Creations, Brooke Morgan and Izzy B Designs. We have a lot more to add in the near future.

Higher end name brand clothing is spectacular. Why? Because when you walk down the strip mall in your area or local clothing chains, you are sure to miss out on these quality items. The market is not saturated with these affordable fashion brands. Our name brands include Baby Gassy Gooma, BabyLegs, Budzie and Chatti Patti
